

INTERESTED IN FARM FORESTRY?

Join the Mid North Coast Farm Foresters

The Mid North Coast's own farm forestry association is a motivated group that aims to:

- Provide an **ongoing network** for all aspects of timber production
- Encompass **all farm foresters**, with both plantation and native forest.
- Utilize **local traders**, e.g. tree fellers & millers, and resources.
- Provide **information** on all facets of farm forestry, including demonstrations, seminars, and access to the group's reference library.
- Produce a **regular newsletters** to keep members informed.
- Assist in **establishing new plantations**.
- Incorporate **environment enhancing practices** e.g. catchment repair, into Farm Forestry.
- Provide members **discounts** on selected goods and services within the group, e.g. seedlings.
- Maintain an informative website (www.mncff.org.au) for our members.
- Provide members with access to Agroforestry News, Australia's leading farm forestry journal.

For further information on forthcoming training, farm visits and other activities contact the MNCFF office on (02) 6564 7916
